

franchising with bath. cut. brush.!

Looking for a great new opportunity? bath. cut. brush. has opened in Northern Colorado and is expanding our mobile grooming business nationwide. Pet services are among the fastest-growing industries in the country today by tens of billions each year. Approximately 2/3 of American households own a pet, and mobile pet grooming has never been more popular!

it. makes. sense.

CEO Kim Shepherd became a mobile grooming customer in 2020. 18 months later, Shepherd Marketing started handling the marketing for the business, and Kim saw the opportunity to blend her knowledge of franchise marketing and the mobile grooming business to build a brand that could grow exponentially. Already working with an operating franchisee less than a year from conception, BCB is on track to take on more of Colorado and several other states by the end of 2024.

what. we're. about.

As part of our brand, our military, police, and medical first responders are offered a discount as incoming franchisees. We recognize that these individuals make up the infrastructure of our country, and we couldn't do what we do without them. We welcome the opportunity to help this group build wealth by building their own teams and fleets of mobile grooming vans in their hometowns. We appreciate what they've done for us, and this is our way of giving back.
